

GSM KIT

The kit contains the universal GSM modem and all cables and accessories you need to connect it to the NetPOD Manager Server at the control center.

SPECIFICATIONS

Packaging

Modem	Wavecom Fastrack Supreme with 115/230VAC power supply
Antenna	GSM Antenna (824÷960 1710÷1990 MHz) with modem adapter
Cable	Modem cable- PC (RS232 Female)

ORDERING CODES

GSM-KIT Kit GSM modem w/ cable, magnetic base antenna and p.s.

Brackets

STF R85 adjustable support holder 50/85 cm

STF F35 fixed support holder A35 cm

Antennas

ANT Group has chosen a series of antennas for our remote control equipment. These antennas have great characteristics for harsh environments and heavy-duty work cycles.

Model	Type	Frequency	Gain
VHF Antennas			
R-F 331 NH	Halfwave dipole	158-174 MHz	4 dBd
R-F 332 NH	Halfwave dipole	154-170 MHz	4 dBd
R-Y 311 NH	3 element yagi	154-174 MHz	5 dBd
UHF Antennas			
R-Y 611 NZ	6 element yagi	435-470MHz	8 dBd
K 73 36 21	Panel directional ant.	406-512 MHz	9 dBi
K 75 16 23 1	Omnidirectional	406-430 MHz	7 dBi
GSM UMTS Antennas			
T-AT308	Omnidirectional	824 - 2025MHz	2.14dBd
T/AT850/BAS	Panel directional	890 - 2025MHz	12 dBi
Directional couplers			
R-2 Y10 NZ	Directional coupler	400 - 520MHz	1000W

Batteries

BATT-1240 Sonnenschein Gel battery 12V 40Ah with cable

BATT-1241 HAZE Gel battery 12V 41Ah with cable

BATT-126,5 Sonnenschein Gel battery 12V 6,5Ah
